ICT Corner

Our Environment

Through this activity you will be able to understand the atomic level of the process that plants use to convert solar energy into chemical energy.

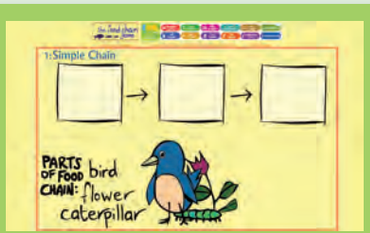

Step 1: Type the URL given or scan the QR code to launch the activity. Food chain page will open.

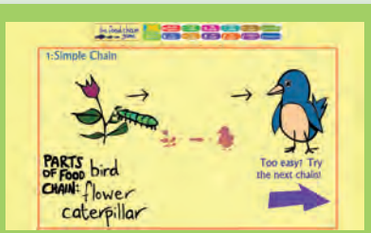

Step 2: With the use of mouse drag the parts of the food chain - the animals or plants given to their correct place - in the empty boxes.

Step 3: When the chain is complete you can watch the food chain in action.

Step 4: Continue the activity by click on the next icon. Play and observe the various complex levels of food chain.
