They descended down the hill and came to the same place where they had watched the river dolphins. They parked the vehicle and rested for a while. Ponni came out of the vehicle and watched through the binoculars. She noticed something strange. She couldn't control herself she whispered "Uncle, look there." All of them quickly turned to look with their binoculars. They saw a tigress with her three cubs drinking water from the river. Veena captured the beautiful scene with her camera. Nobody dared to see anything other than the tigress, till it left the river bank and vanished away.

"This is the real king of the forest" said Manimaran.

"It is absolutely true" said Veena.

They all got back to the vehicle and were returning. Veena asked the team a question. "Do you know, there is something common between all the wonders you have seen today?"

"What is common?" asked Velan.

"Please, tell us quickly. We are very eager to know" said Ponni.

"All that we saw today are our natural national symbols" said Veena

"You are right, Veena. This didn't strike me." said Manimaran.

Other Symbols of our Country

National flag:

The tricolour flag is our National flag. The three colours are of the same width and are arranged horizontally. The saffron at the top represents valour and sacrifice. The green at the bottom represents fertility and prosperity. The white band in between represents honesty peace and purity. The Ashoka chakra or the wheel in navy blue represents truth and peace.

Out National Flag's length and width proportion is 3:2 respectively and the Ashoka's chakra has 24 spokes in it.
