SECONDARY ACTIVITIES

The raw materials obtained from the primary activities are converted into finished products through machinery on a large scale. These activities are called secondary activities.

Industries are classified on the basis of the availability of raw materials, capital and ownership.

On the basis of raw materials, industries are classified as

- Agro based industries – Cotton textiles, Sugar mills and Food processing.
- Forest based industries – Paper mills, Furniture making, Building Materials.
- Mineral based industries – Cement, Iron, Aluminium Industries.
- Marine based industries – Sea food processing

Activity 4

Put ✓ mark in appropriate box

S.No.	Occupation	Primary activity	Secondary activity	Tertiary activity
1.	Farmer			
2.	Teacher			
3.	Tailor			
4.	Engineer			
5.	Bank Manager			

"Really?"

"Yes, well paved roads, ports, airports and railway stations support trade. Many branches of banks help in the circulation of money and boost the country's economy. All these are termed as tertiary activities."

Vimalan exclaimed, "Even being in the city, I never knew about all these."

Inba said, "We really got to know more information, uncle"

"Good, will you compare cities and villages in the future?"
